

# Elsie de Beer

# Director, Principal, & Owner

## Background

I founded Eldy in 2016, and throughout the journey, God has been faithful. All the glory for Eldy's success belongs to Him alone, for without Him, I am nothing.

## My Interest

My love for my family, my animals, and a good cup of coffee is immeasurable.

## Fun Fact About Me

I have always had a deep passion for working with children. Six years ago, I embarked on my journey in the ECD sector, where I pursued my NQF5 in Early Childhood Development. Along the way, I have also completed my TEFL certification, Reader and Scribe training through Impaq, a Master of Theology (MTh), and several other qualifications. Additionally, I specialize as an educator for children with special needs and behavioral challenges.

## My Teaching Philosophy

My teaching philosophy centers on empowering others by inspiring confidence, fostering growth, and unlocking their true potential. I believe in creating an environment where every individual feels valued, supported, and encouraged to excel, bringing out the very best in them.
