## My Story

When deciding what I wanted to do after finishing high school I couldn't pick just one thing and teaching gave me that, not only would I teach but I'd learn in the process too. I've always enjoyed spending time with kids and learning about them, teaching them, and seeing them grow and thrive was something that drew me to the younger kids. Working with the kids at Eldy Day Care and Aftercare Centre while doing my studies showed me just how much I enjoy the little ones and how fulfilling life can be when you truly enjoy what you do everyday

## My Motto

Verily with every hardship  
come ease.

Qur'an 94:6

## My Interests

My favourite colour is pink. I love reading and anything related to books and sunsets, the colours of the sky when the sun is setting and pretty flowers

## My Experience

I started at Eldy daycare and aftercare in 2024 to complete my hours needed

Currently concluding my NQF4

First aid level 1
